PROLOGUE

KEOHANE - 47

Prologue

We came, we saw, we——well that remains to be seen. We did come and we wondered, “Oh, brother will we make it? Four long hard years ahead of us to be passed. “The thought was terrifying for no doubt the studies would be difficult and the tasks hard to accomplish. We saw the beautiful white building and began to feel a stirring in our hearts——pride in the thought of being a part of it, even a very small part. We would try our best and would hope our best would carry us through.

Rindge

O! Rindge we bid adieu to Thee,
The happy years have quickly passed.
We each shall find throughout the world,
Somewhere our rightful place at last.
Great men have through thy portals gone,
And carried memories in each heart.
Of days that never can return,
Of Rindge where once they played their part.
Others shall learn the things we've learned,
And share as we the hopes and fears.
O! Rindge thy name shall ever be,
Honored and loved through future years.

Gil Bemis '47

Dedication

SOCIALS

MR. WILLIAM H. MAHONEY

We, the class of 1947, wish to express our sincere thanks to Mr. William H. Mahoney, our class-advisor. Without his sound advice and earnest help, none of our class undertakings would have been successful. Without his guidance, the class officers would not have known how to direct the class.

He has always given invaluable aid to the classes in the past and has had a profound influence on the lives of many of the students who knew him.

We hope that he may continue to help the senior classes for a good many years to come. We, the class of 1947, hope that he may have many years of good health, happiness, and prosperity before him, and we know that his help was warmly appreciated by this class.

Social Activities

The social activities of the Senior Class provided a variety of entertainment. The activities were socially successful and helped to fill the Senior Treasury.

The first senior activity was a dance held on November 22, 1946, was enjoyed by all those who were present. Tony Bruno and his Orchestra provided rhythmic music for the evening. It proved to be a cultural and social success.

Talent Night, January 31, was a success. A group of fifty students from Rindge and High and Latin participated. During the three hour performance the audience showed keen interest in the acts. The long progress consisted of vocal and instrumental selection as well as an acrobatic act. The audience remained to the end. The winners were selected by the volume of applause. Louis Eghian, a Latin Senior, won first prize. He played the violin. Delores Rossignol, a singer, won second prize.

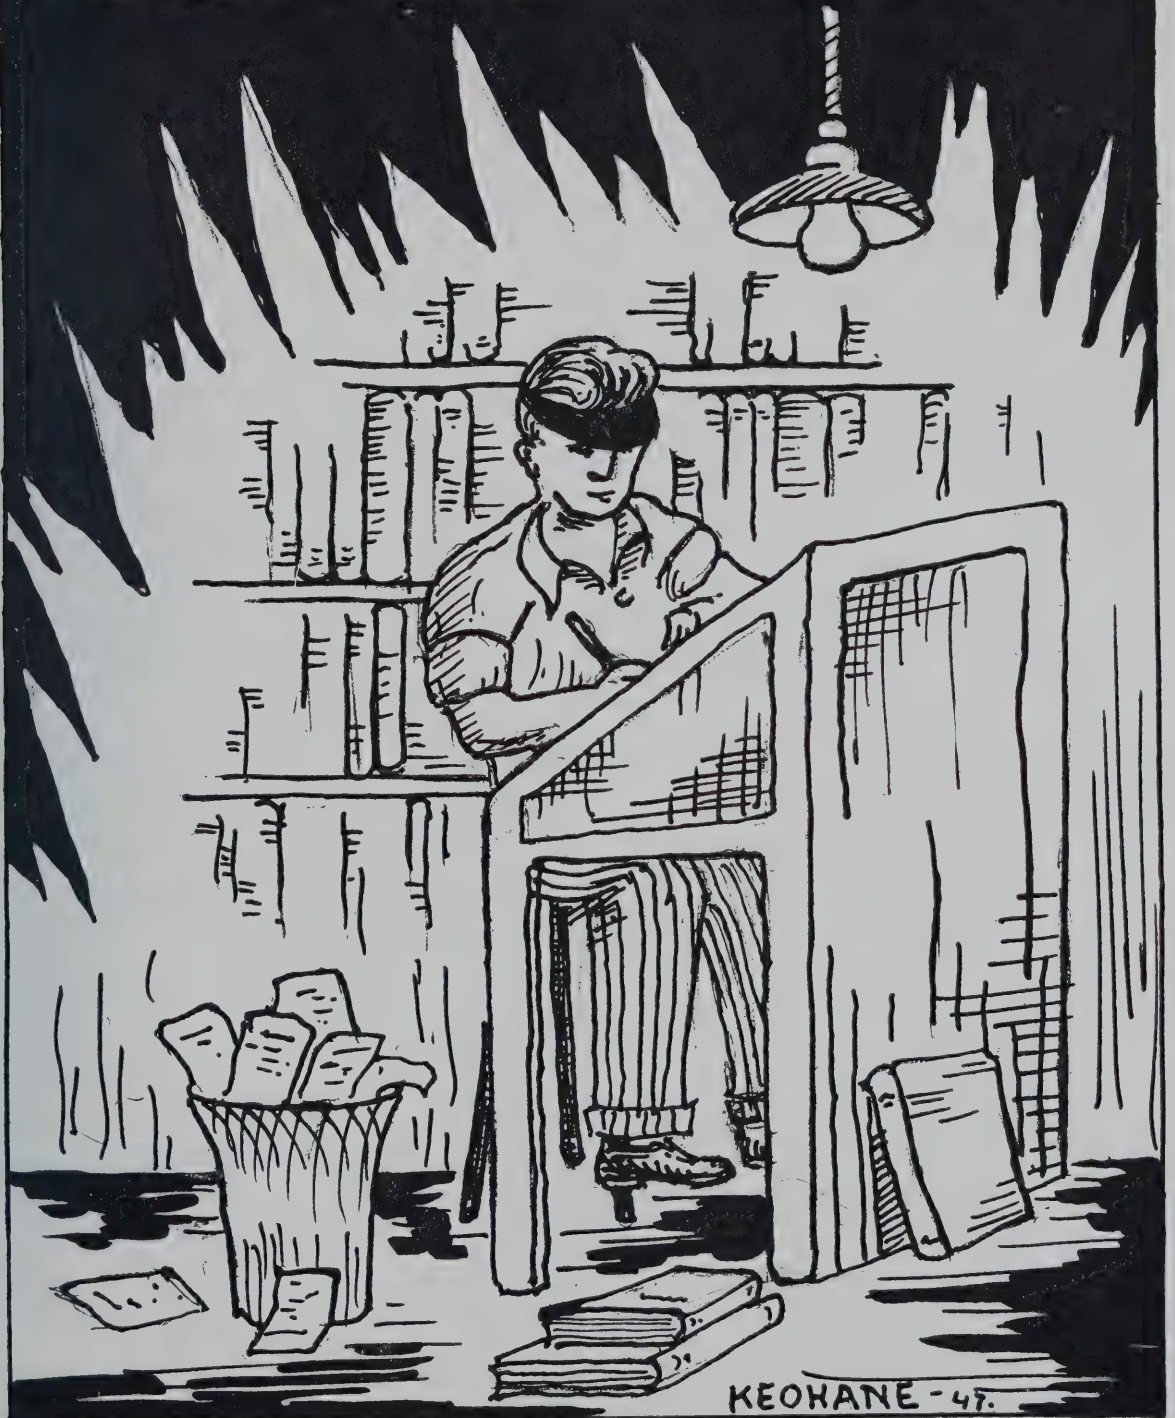

The drama, "The Hasty Heart," was held on March 14th. It added a colorful addition to the school memories. This was the first drama since 1942. The lapse was occasioned by the war. The male lead, Lachlen MacLauhlen, was played by Ruy Soeiro a freshman. The female lead, Nurse Margaret, was played by Mary Lowry, a Latin Junior. Richard Paul a Senior, acted the role of Digger, the taciturn Australian. The play on the whole was well acted and showed the result of the careful training and coaching of Mr. Delaney. Although it was the first stage appear-

ance of the various actors, they carried the play off with consummate skill.

Sports night to be held on May 16, will prove to be a success. It will be a highlight of the year. Such celebrities as Buff Donelli, Clipper Smith, Red Priest, Rus Howard, and Tommy Sullivan will appear. Pictures of the Rindge-Latin football game and the Harvard-Yale game will be shown. It is hoped that the event will be well received.

As we go to press two more events are on top. We hope to hold a moonlight sail and later, a Senior Prom.

Lack of Co-operation

As editor of this year book, I would like to express my views on the lack of cooperation of our class.

During the last year, only a small minority of the class worked to make class affairs a success. Most of the remainder wanted something for nothing, but it is about time they realized that they never will get something for nothing. Only a few, really cared about the future of the class; only a few put time and effort into class affairs to make that future a successful one.

A splendid example of lack of cooperation was observed on the night of the Senior Drama. About ten seniors were there. The remainder of the audience were adults. The class suffered a loss of sixty dollars. We almost missed on a year book and a prom! If all the seniors had helped and supported the drama, we would have made quite a bit of money, and would have been spared many financial worries.

The lack of cooperation from most of the senior class is directly linked with lack of School Spirit in general. If every one at Rindge would instill into themselves lots of faithful School Spirit and class cooperaton, Rindge would be a lot better off than it is now!

IN THE MANTLE OF THE DAWN

Tune: "Till We Meet Again"

In the mantle of the dawn,
While the birds sing forth the morn,
Down beneath the sky so blue
Stands old Rindge so firm and true;
There she stands for truth and right,
Sending forth her rays of light
Clad in robes of majesty
Rindge, our Alma Mater
Hail! Rindge to thee.

Be thou our guide and stay
Leading us from day to day:
Make us true and brave and strong
Ever firm to battle wrong:
When from thee we're gone away
May we strive for thee each day
As we sail life's restless sea
Rindge, we sing of thee!

Verses by Edmund E. Powers, Jr.

ALMA MATER

Verses by Edmund E. Powers

Music by John B. Whoriskey

Rindge: thou glorious mother,
Loyal sons thy praises sing
To thee, as to no other,
Gratefully their homage bring
To express our devotion
Now our voices rise;
True in vict'ry's hour,
Faithful in defeat,
Rindge, our Alma Mater
Hail! Rindge to thee.

Rindge! Tis hard to sunder
Ties that chain our thoughts to thee
Words that swell like thunder
Testify our loyalty
We will always treasure
Memories of you.
Old ties e're renewing
Ev'ry year returning
Rindge, our Alma Mater
Hail! Rindge, to Thee!

RINDGE WARRIORS

Tune: "Men of Our America"

All Hail to Rindge's warriors
Long may their reign supreme
A husky bunch of warriors,
And they'll sure clean up your team
Out on the field of conflict
They bow to no team's skill
And like the men of might they are
They fight with right good will:

Our colors are the Brown and White
We never haul them down
The Brown stands for the "roast" we give
Our opponents when in town.
And as the tide of battle sweeps
Their team right off the field,
Don't forget the Brown and White
Whose word is never yield

CHORUS

Then give a hearty cheer for Rindge—Rah!
Rah!
May she never taste defeat.
We'll never say "die" but
Up men and try for the Glory of old Rindge.

CLASS HISTORY

Class History

(With Apologies To Abe Lincoln)

Two score and seven months ago the eighth grades in this city brought forth into this school a freshman class. It was conceived in the idea that education is free and equal to all. (The freshman class was composed of 483 members. Although they were bewildered little fellows, they attended all class events and placed 23 of their members on the honor roll.

Now we have come to the end of our Rindge career. We have tested our school's facilities and found them not wanting. We have proved that this class could endure.

The sophomore class, too, was full of the school spirit that existed in the freshman classes. They, too, did their part in school activities. Twenty six of their number made the honor roll. Some of them made the varsity teams. As we sat in our second year at Rindge the European War came to an end.

We have met in our classrooms, and we have dedicated these rooms as final resting places for our scholastic efforts. It is altogether fitting and proper that we do this. It is impossible to do otherwise.

The junior year marked the end of our adolescent period (our opinion). We placed twenty-four of our number on the honor roll. In sports, Tommy Heise became the outstanding junior trackster and Dick Rooney played on the G.B.I. champs. Shortly before school started that year the Japanese surrendered.

But in a large sense we cannot dedicate, we cannot consecrate, we cannot hallow these efforts. The brave class who toiled here have consecrated them far above our ability to add or detract.

The school will little note nor long remember what we have written here, but it can never forget what we did here.

When we became seniors, the class distinguished itself. Owing to the good leadership of President Charles Dounelis and the energy of his staff, the council, and the entire class the year became noteworthy as one of activities and function of varied social interests. They started early.

In November, the class held a dance in the Lassman Gym. It proved to be a financial success.

On January 31st of 1947 the class held a senior talent night. This event packed the Quinn Auditorium to capacity and provided the backbone to the class treasury. Louis Eghian, a Latin senior, won the first prize but much talent came from the Rindge ranks.

On March 14th, the class presented a senior drama, "The Hasty Heart." Though the play was well portrayed, the turnout was sparse. Despite this fact, this class has reestablished the precedent of a senior drama.

On May 16 (as we go to press) a senior sports night will be held. Many Rindge alumnae who have been successful athletes will appear in addition to other great names in sports.

In our four years, we cannot forget the names of students with outstanding spirit and determination. Paul Spillane, three years on the football team the last of which he was captain; Dick Rooney, G.B.I. hockey champ; Tommy Heise, renowned in all sports. As for scholastic records we have only to look on Bob Madrulli who in '46 won the Rensselaer Polytechnic Institute math prize; the first one awarded in several years. For ingenuity look to Donald Essman, one of the "46" Yankee Ingenuity

Contest Winners; and many others who have shown ability and originality.

It is for us the class of "47" to be dedicated to the great task of upholding the school's honor. It is rather for them to be dedicated to the task remaining before them. That from our honored school they take increased devotion to the cause for which we gave our four years. That they will highly resolve that the new senior class under its officers will have a new burst of inspiration and the senior class of Rindge Tech by Rindge Tech and for Rindge Tech shall not perish from the earth.

CLASS PROPHECY

Class Prophecy

Nov. 30, 1972 (At the Rindge banquet)

I just caught a glimpse of him as he rode by in his Cadillac but I recognized him. It was Irv Medoff, the Window Wash King. After Rindge he had invented the Super solvent which made windows disappear. Today, he is the third richest man in the world.

At the front door of the hallowed Rindge my body broke the electric beam and the door swung open. The heat radiation from the floor warmed me and I walked over to the escalator. In no time I was on the fourteenth floor.

The lunchroom had really changed. The room was now an exact replica of the Smith House of another day. I sank into one of the comfortable chairs. All around were familiar faces.

My attention was focused on the head table. Mr. Wood, Head Master Emeritus, was seated at the center of the table. Around him were distinguished alumnae. Most of these well known figures were members of the class of 1947.

At Mr. Woods right sat the President of the United States. Harry S., too, had been a member of the class of '47. Next to him sat Professor Madrull. Bob, a Nobel prize winner, was the first man to set foot on the moon. He is one of the most important of the scientists at the Massachusetts Institute of Technology. To his right sat some well known engineers. The firm of Shuman, Perry, and O'Hara were seated together. These men had started out by building the Jordan Marsh building. Now, they were known across the world.

John Welch, Tuckers chief engineer, was next to them. Welch is responsible for the shape of the present day car. Paul Morin, an outstanding electrical engineer held the last seat on that side of the table. He is in charge of the wire laying division of the Bell telephone.

On the other side of the table at Mr. Wood's left sat President Nissenbaum of Harvard. Bill had been Professor of the Social Sciences but when the opportunity presented itself, he accepted the Presidency. Doctor

Maderos who was an important clergyman had read the invocation before the meeting began.

I didn't recognize the next two guests. When they removed their whiskers, it dawned on me that they were Bernie and Georgie Smith. They had invented a secret cough drop formula and were known as the original Smith Brothers.

Bob Breviglieri, Chief Cambridge Sanitation Engineer, was talking to Charley Dounelis across Paul Spillane. Charlie, known as the body, had carved a niche in football's hall of fame for himself. Now, he was Director of Physical Education at Tufts and Paul was his chief assistant. That rounded out the head table.

Dinner was served. It was catered by MacPhee, McGorty and Newel. The turkeys had been grown at Cobham Acres which was the farm owned by Oscar and Will Cobham.

The piece de resistance of the banquet was atomic Turkey a la Americain. Atomic Cocktails were also served. Dom Ricci was the chef and Al Tivnan was his chief assistant. The baked Alaska was prepared by Chris Williams. Donald Essman was chairman of the committee on preparation. Al Krikorian took pictures.

As I ate, I spotted many familiar faces around the hall. Over in a corner were Pete O'Laughlin, head of the Civil Service Commission, who had flown in from Washington and Charlie Paras, owner of United Markets. Tom Ormond, Ambassador to Brazil talked with Ed Klein, Minister to Ireland. Next to them was John Frazer who was City Manager for a time. Ed Griffin, President of Imperial Trucking, was at that table also. Clyd Henry, Editor of Life, was talking shop with Nick Ginocostas, editor of Esquire.

Some of the fellows were at my table. Johnnie Stinson, Commander in the Navy; Jack Rutter, Colonel in the Army; Dick Paul, executive director of GM; and Frank Mangano, owner of the Suffolk Downs, were all in quiet conversation.

Mayo Harris came in late as usual.

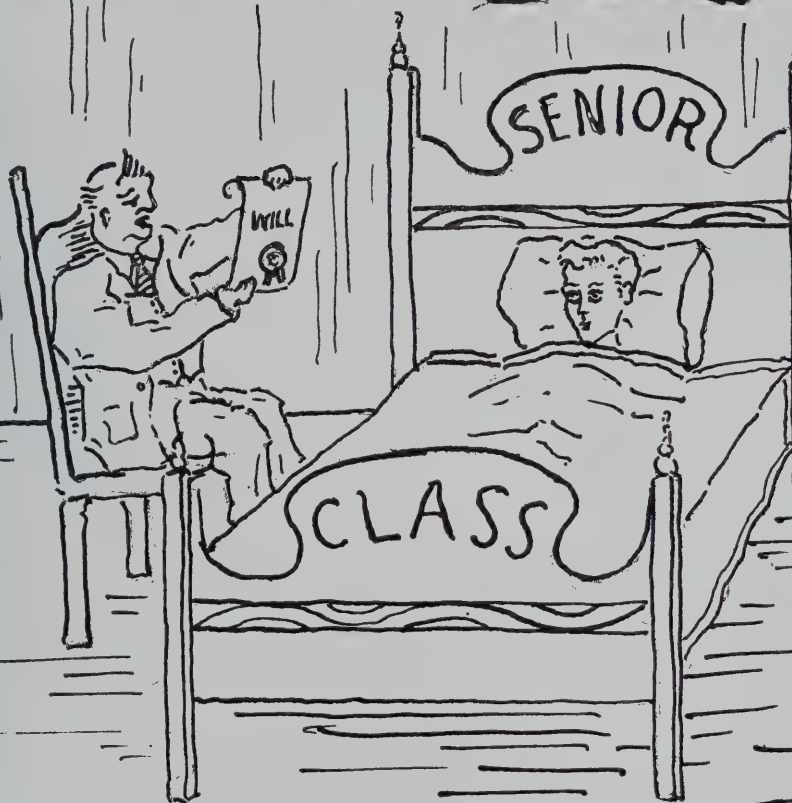

No one realized that he was a good salesman, but after he had sold the Brooklyn Bridge for half a million, they knew better.

Vic Ruffinen and his sixty-five piece orchestra played the after dinner music. They played original compositions by Tex Thompson.

Then, we had speeches. Art Gisbourne, head coach of football, congratulated his team on their fourth undefeated season. Tom Heise, the track coach, was happy that his team had won the eastern states championship. Dick Rooney, hockey coach, said that he was satisfied that his team would do well. Al Souza who is also a math teacher praised his basketball team. Although they had lost fourteen games this year, he knew that they would do better.

As I left the building with Ed Thurnquist who had become a successful farmer and Bob Wolynes, star goalie of the Bruins, we agreed that the class prophecy had been well fulfilled.

CLASS

WILL

KEOHANE-47

Last Will and Testament Of the Class of 1947

Let all men know by these presents;

That we, the Class of 1947 of Rindge Technical School, of Cambridge, Massachusetts, being of sound minds and reasons, do hereby make this our last will and testament revoking all testaments previously made.

First: We leave enough ladders so the Freshman may look into the top of their lockers once in a while.

Second: To the class of '48 we leave a number of math books with the correct, you hope, answers on each page.

Third: To Mr. Lynch we bequeath enough money so he may buy a book full of NEW jokes.

Fourth: We bequeath to the sophisticated juniors a group of incoherent thought questions dished up with sadistic pleasure by merciless English teachers.

Fifth: To the '48ers we leave the right to talk back to the teachers. We also leave a few of the bruises and broken arms which we received trying to do the same.

Sixth: To the '48ers we leave the right to talk back to the teachers. We also leave a few of the bruises and broken arms which we received trying to do the same.

Seventh: To the faculty we leave enough money so that they may have an elevator (that will not break-down) put in.

Eighth: We bequeath a number of portable radios to be put on the Senior lunch tables so they may listen to "Aunt Jenney's Real Life Stories" while eating their lunch.

Ninth: To the entering Freshmen we leave seven hundred (700) maps of Rindge so they will not lose their way during the first days.

Tenth: To the careworn Seniors we bequeath the experience that we accumulated in running our socials.

Eleventh: To the Senior Council we leave a half-dozen 1947 Studebakers and we hope you will go forward instead of backward during the coming year.

Twelfth: We leave to the Juniors a locker of pictures of Van Johnson.

Thirteenth: To Mr. Mahoney we leave all the effort that he put into our senior activities so that he may use it next year.

Fourteenth: To the entering Freshmen we leave a years subscription to the Rindge Register (don't break a leg trying to get them).

Fifteenth: To the happy juniors we leave all the worries of the senior year.

Sixteenth: To Mr. Fogg we leave a two thousand page book of jokes to replace the torn one he found in 1906.

Seventeenth: To the physics department we bequeath a whole new laboratory which is now located on the sixth floor.

Eighteenth: To each freshman homeroom teacher we leave a gross of aspirin tablets.

Nineteenth: To Mr. Kelleher we leave a television set so he may see all boys going out of school before 2:06.

Twentieth: We bequeath enough money to the school so gas masks may be given to the students when the Chemistry department begins their experiments.

Twenty-first: To Mr. Lynch, our faculty manager, we bequeath enough money to hire a secretary to keep the records of the equipment given out.

Twenty-second: To Richard Paul, we leave four wheels and axles to take the place of that hunk of junk he calls a car.

Twenty-third: To the Junior class we leave a lot of trouble, worry, financial difficulty and all of the home work we failed to do.

Twenty-fourth: To Mr. Ladd we leave a mother of pearl chess set.

Twenty-fifth: A monsieur Joyce, nous donnons beaucoup livres de francais et nous esperons qu'il s'est amuse en les lisant!

Twentyt-sixth: To all the math teachers we leave an unsolvable problem in trig.

Twenty-seventh: To all them their English teachers we give a swift kick in the blank for all the hours they made us sweat.

Twenty-eighth: To Mr. Fogg we leave a life subscription to Esquire and the Police Gazette.

Twenty-ninth: To Mr. Gomes we leave three new linotypes and a mechanical type setter.

Thirtieth: To Mr. Freni we leave a Geiger Counter—it makes a lot of noise and keeps in rhythm.

Thirty-first: To Mr. Scott we leave a lot of wind to keep him company.

Thirty-second: To Mr. Wood we give our most sincere thanks for all he has done for us and we wish him all the luck in the world.

Dedication To A Friend

The Cambridge Athletic System suffered the loss of a key man at the death of Leander McDonald.

Mr. McDonald was one of the "old time" sport greats of Cambridge. He is particularly remembered for his performance with a championship Cambridge Latin Baseball Team.

He later went on to coach sports at C.H.L.S. with great success.

Mr. McDonald is mostly remembered by this generation of boys for his friendliness, generosity, and kindly advice. For these things he gave, so simply, yet so adequately, we are eternally indebted.

It is with due respect and a great deal of honor that we, the class of '47, dedicate the Sports Section to, and in memory of, Leander McDonald.

LEANDER McDONALD

The Football Team

New! New! New! That was the by-word of this "46" Tech team

To begin with we had a new coach, Edward "Ted" Galligan and his able assistants, John Temple, Adolph "Butch" Kissell, and Tony DiNatale. We were also provided with a better--than-good trainer, William "Red" Linskey.

The third feature in this "New Deal" was the excellent equipment and transportation we were provided with. The crowning feature of this era was moving-pictures taken of our games so we could later discuss and correct our mistakes.

We open the season at Russell Field against a strong Weymouth Club and lost 19 to 7, in spite of the fact that Rindge played well.

Rindge traveled to Newton for their second game where they decisively beat a heavier Newton Club in a surprising upset. Rindge played very well for Newton invaded Tech territory only once. Final score was 12 to 0.

In heat of 85 degrees Rindge was beaten in the last four minutes of the last quarter by a vastly heavier Waltham team. The Rindge team fell apart in the dying minutes due to exhaustion in the blazing heat and lack of substitutes to relieve the regular players. The score was 13 to 0.

"Rindge buries Latin 24 to 0." This was one of Rindge's most decisive victory over Latin in years. Cambridge Latin began a drive which ended in a pass interception and touch down for Rindge.

The rains came and so did Class B champs Brookline and a 22 to 0 defeat for Rindge. To say the least we were decisively beaten with the weather playing a major factor in holding us down.

Fitchburg came to Russell Field and battled Rindge to a 6 to 6 tie. Though Rindge threatened several times, fumbles halted most of the progress.

Our weakness in past defenses spelled our defeat as Quincy overpowered us 13 to 0. Passes paved the way for both scores and though Rindge threatened, fumbles once more hindered Tech's progress.

Fumbleitis hits Rindge. We traveled to North Quincy to play a highly rated North Quincy Club. Rindge out-rushed and outplayed North Quincy all the way, except in the scoring department. Fumbles caused our downfall in a game definitley yours. Final score 13 to 2.

The following week we traveled to Leominster where a hard driving Leominster Club defeated us 20 to 6. To repeat, two fumbles and a block kick aided Leominster.

Somerville 6, Rindge 0. That was the score but not the story. Again we had the edge in playing but an early score proved our downfall.

In all fairness to our opponents, I wish to say that Tech had a much better club than the record shows. Four of the last five games should have been Rindge victories, but for fumbles and other circumstances beyond our control.

So good-bye to the Tech team of 1946 and its New Deal. We all wish to express our thanks to Mr. Galligan and his assistants for their vastly improved Tech team.

And as the Dodgers say, "Wait till next year" and then watch!

The Hockey Team

With all except two of last years championship sextet the Rindge Hockey Team was labeled the doorman of the league.

Rindge fought Medford to a scoreless tie, much to everyones surprise in the opening game of the season.

The following week Rindge lost to C.H.L.S. for the first time in years. The four to two lost seemed to bear out the convictions of everyone that Rindge would have to battle for the basement.

Rindge in the following week turned on Belmont and Stoneham defeating both by a four to two count.

To the amazement of all the Rindge sextet pulled in to a three way tie for first place along with Arlington and C.H.L.S. after defeating Newton in one of the most thrilling games of the season by a four to three count.

A freakish accident gave Melrose a one to nothing victory over Rindge and the following week a last minute splurge gave Arlington a three to two victory over Rindge.

In the playoff games Rindge really faltered losing to Arlington and then losing to C.H.L.S. by scores of four to one and four to 0, respectively.

To finish the season, the Rindge sextet defeated Newton five to one, and pulled into a three way tie for third place.

Several teams in the league got new uniforms but Rindge's uniforms were the best looking and stood out over the rest.

Dick Rooney, the sceond highest scorer in the league, was selected to play with the first team of the G.B.I. All Stars. Bob Rochon and Jim Mulery Jr. were chosen to play with the second team.

The Basketball Team

Having finished a disastrous season last year, the Rindge basketball team was not looking forward to a very successful one this year. Things looked black when Rindge lost their first game to powerful Newton. The score was 47 to 27.

The boys in Brown and White then traveled to Brookline for their first road engagement, and downed the Brookline five in a thrilling 25 to 21 contest.

Rindge then lost to Arlington 47 to 37 to Waltham 50 to 30, and to Cambridge Latin 45 to 19, all on the Rindge home court.

The Technicians then hit the road, to defeat Watertown 41 to 33.

Entering the second round of the season with a two win four loss record. The outlook had not improved.

Rindge caught fire! To the surprise of everyone the Rindge boys beat powerful Newton on the Orange and Black's home court, 44 to 43. It was one of the seasons best games and most startling upset.

This upset was quickly followed by Rindge victories over Brookline, 39 to 29, Watertown, 39 to 31, and Arlington, 38 to 34, to run the victory string to five straight.

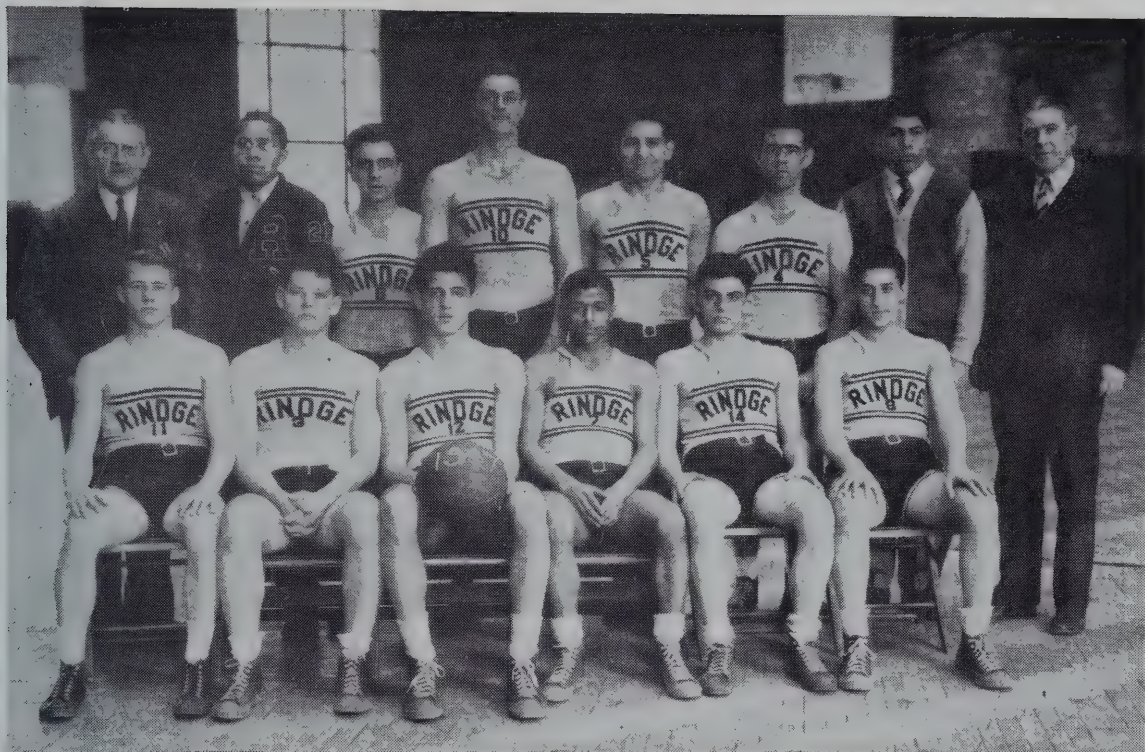

Waltham, now worried about the improved Rindge team, was prepared when Rindge landed and downed the Tech five, 51 to 28.

Rindge ended its season in impressive style by playing outstanding ball against Tourney-bound Cambridge Latin. Rindge nearly upset the apple cart but Latin pulled away in the closing minutes to win 40 to 30.

Odd as it may seem, Rindge could not win on their home court till the eighth game of the season, and did not lose away from home until the eleventh game. This was the last year for Bill Rawlins, Jack Rutter, Paul Spillane, and Francis Alves.

Rindge ended the season in fourth place behind Cambridge Latin, Waltham, and Newton.

True, this was not the most outstanding of Tech teams, and although they started slowly, they maintained one of the characteristics of a championship team-improvement.

The Track Team

To start the season off right the Rindge Track Team was invited to take place in a history making track meet. It took first place on the flight deck of the U. S. Carrier Randolph, the first meet of its kind in history. Rindge tied for third in this informal meet.

Rindge failed to place in the 12th Annual Northeastern Track Meet mainly because Capt. Tom Heise fell in the 300 yard run and the relay team was disqualified, though they had the best time. It was really a tough day for the boys.

Rindge placed in about every event open to the schoolboys at the Y.M.C.A. Meet. This meet is mostly for college track men but there are a few events for high school boys.

As a warm up for the State Meet, the Rindge Track Team took part in the Fargo Building Meet. The usual boys proved outstanding and placed in their "specialties."

"Tracksters Place Third In State Meet." On February 8th the Rindge Track Team pulled a slight upset by placing third in the meet. It was at this meet that the boys reached their peak.

One of the most pleasant events of the season was the trip to Maine for the Bowdoin University Meet. The boys did quite well to place fifth in the meet.

The track team suffered a severe loss when Coach Tom Duffy was taken ill and operated on. At this writing Mr. Duffy is still hospitalized and we all wish him a speedy and complete recovery.

Due to the mid-season loss of the coach, several Duel Meets had to be canceled. The team looks forward to a successful out-door season under the guidance of Mr. Humphrey O'Leary the gymnasium teacher. We all wish them luck.

MR. TOM DUFFY

During the height of our track season, we were deprived of Mr. Tom Duffy our very able track coach. He had become afflicted with a very serious illness and as our yearbook goes to press he is being operated on. We the students of Rindge sincerely hope that Mr. Duffy will get well soon and take his place again as the coach of our track team.

The Baseball Team

Led by Captain George Ellis, the baseball team has begun its practice for the coming season.

Due to the poor weather conditions the team has only been out a short time. Great things are expected of the Rindge nine however, since they have seven or eight from last years team returning. To bolster these boys, a whole host of hopefulls have turned out and among them are a few bright prospects.

Revival of Minor Sports

Only a week ago, at this writing, Rindge began to revive some of the pre-war sports in which they participated. Included in the list were: Crew, Golf, and Tennis as spring sports; Cross-Country for fall and swimming for the winter season.

A good response was made to the crew call and though the others mentioned drew only a few candidates, we are sure that they will progress in the future.

Epilogue

We conquered! The four long hard years were not so long and not so hard after all. Time does pass quickly and we realize now it was too quickly. Also the studies though difficult were taken in stride as all things in life are if we but know it . . .
